

## Classic Decking. Basically brilliant.

Quality doesn't have to come with a high price tag. Our Classic Range offers the perfect mix of long-lasting good looks and affordability. With a solid core for strength and reliability, it's ideal for all decking applications.

- Board size: 144.5mm x 24mm x 3600mm
- Easy to install 'hidden' FastClip System
- Full range of compatible accessories
- 25-Year Residential or 10-Year Commercial Warranty

## Two great looks. On a single plank.

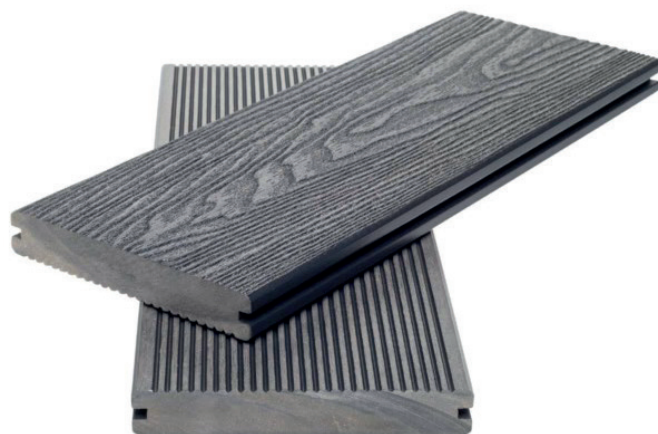

Our Classic Range composite decks have a great trick up their sleeves when it comes to the finish – it's reversible!

One side is a realistic wood-grain finish for a natural look, while the reverse is a modern grooved pattern.

## Solid. To the core.

The Classic Range features a solid composite construction offering strength and reliability.

- Does not splinter, split, rot or warp
- Does not need seal, stain or paint
- Low water absorption rate
- Resistant to mould and fungus
- Not susceptible to insect damage

## Grey. Teak. Chocolate.

Choose from three Classic colours.

GREY

TEAK

CHOCOLATE
