

Deluxe Decking. For beauty that lasts.

Combining the beauty of natural wood with our toughest, most resilient finish, our capped composite Deluxe Range is extremely hard-wearing and requires almost no maintenance, making it ideal for premium residential and commercial applications.

- Board size: 142.5mm x 21.5mm x 3600mm
- Easy to install 'hidden' FastClip System
- Full range of compatible accessories
- 25-Year Residential or 10-Year Commercial Warranty

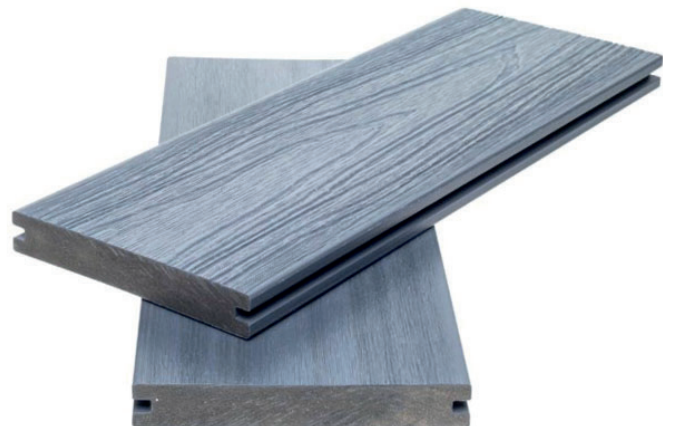

A protective shell for increased durability.

The Deluxe Range features a solid composite core encapsulated in a tough outer shell offering the highest levels of protection.

- Increased scratch resistance
- Best protection against fading
- Does not splinter, split, rot or warp
- Does not need seal, stain or paint
- Lowest water absorption rate
- Resistant to mould, fungus and insect damage

Two great finishes. Choose your style.

Like our Classic Range, our Deluxe Range deck planks are reversible and have different 'wood-grain' finishes on either side. Because the capped protective layer encapsulates the whole deck plank, you can be assured that your decking will enjoy maximum protection and longevity no matter which side you choose.

Grey. Teak. Chocolate.

Choose from three Deluxe colours.

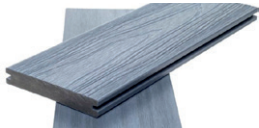

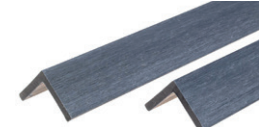

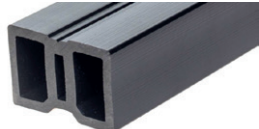

GREY

TEAK

CHOCOLATE

| PRODUCT | IMAGE | FINISH | DIMENSIONS | COLOURS |
|----------------------|---|--|---------------------------------------|---------------------------|
